MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY AND ECONOMY OVERVIEW

India is one of the fastest growing economies in Asia and the entire world. Especially in the transport and logistics industry sector, India shows superior growth rates creating enhanced potential for foreign players. The objective of this summary is to identify the market potential as well as the current demand in this sector and to point out the investment perspectives, especially for European players. Certainly, climate change affects these prospects. Hence, this summary exposes the current Indian situation and the main challenges contributing to this. But despite these problems and also resulting from these, India offers a high potential for investments as the current studies have already shown.

The transport and logistics sector is a pivotal fundament that is important for the development of a country. Since the 1990s, the transportation infrastructure of India has undergone a significant change. While in the 90s, the demand for transport grew at an annual rate of 10%, in the last decade the demand in the transport and logistics industry grew along with the accelerating Indian GDP. This growth increased the demand for practically all transport services.

Table 1: Share of the transport sector in the national economy Year Contribution of Transport

Year	Contribution of Transport In GDP (%)	Proportion of Transport in Total Expenditures (%)
1999-2000	5.7	3.2
2000-2001	5.8	4,5
2001-2002	5.8	4.8
2002-2003	6.0	4.1
2003-2004	6.2	3.9
2004-2005	6.4	4.2

The annual cost spends for Logistics services are estimated at 14% of the GDP as the share of the total value of goods. Normally, in emerging economies, these costs are about 6%-8% of the GDP. With this figure, Indian logistics costs are estimated to be the highest in the world.⁹ Therefore it is necessary to manage this sector more professionally in order to reduce operational costs, improve customer services and satisfaction levels and to become more competitive in global markets¹⁰. Another fact is that transport and logistics services in India, consume a large portion of energy, especially petroleum products. This share increases even more in India with the growth of economy and population¹¹. Urbanization and fast industrialization also increase this consumption because of higher demand in freight and

passenger transport.¹² The Indian urban population grows at an average rate of 3% a year and has increased significantly in the last 50 years from 62 million in 1951 to 285 million in 2001.

Indian Logistics Industry is expected to grow at a CAGR of 8.6 percent between 2015 and 2020, which grew at a CAGR of 9.7 percent during 2010-2015. Transportation and Communication accounted for 7.0 percent of the nation's GDP in 2015, accounting for around US \$130.44 billion. The key drivers of this growth are infrastructure investment associated with ports, airports, and other logistics development plans, domestic demand growth and increasing trade.

The Indian logistics industry is fragmented and under developed. Logistics costs are relatively high due to poor physical and communication infrastructure; high dwell time at ports; low levels of containerization; and a multi-layered tax system contributing to significant delays at border crossing points.

Development of transportation and logistics-related infrastructure such as dedicated freight corridors, logistics parks, free trade warehousing zones, and container freight stations are expected to improve efficiency. Government reform initiatives, promotion of manufacturing and trade, improving investment climate are expected to transform the industry and drive growth between 2016 and 2020.

Economic reforms, trade cooperation, improved transportation infrastructure, and industrial growth is ushering in increasing opportunities for the logistics service providers (LSPs) in India. Presently, the Indian logistics industry is witnessing development and expansion of its existing infrastructure, emergence of e-commerce specific logistics solutions, has a strong focus on manufacturing, but also has a large presence of unorganized service providers.

INDUSTRY DEVELOPMENTS

India has become the prime destination for logistics service providers all over the world. The demand for logistics services in India has being largely driven by the growth of the economy. The growth is projected at 7-9% in next few years, with the Compounded Annual Growth Rate (CAGR) expected to grow at rate of 7-8%. This growth is expected to gain greater momentum due to exponential growth of the Indian economy. India is also experiencing a big retail boom as the buying capacity of the middle and upper middle segment of the population have scaled new heights. Many large MNCs from the retail industry are planning to set up operation in India and large local retailers are also planning to expand their operations.

The Growth in the Indian economy in coming decade is likely to be driven by the increased activity in the manufacturing and retail sectors. To enable these sectors to contribute effectively to India's growth the logistics sector will have to step up to provide value-enabling

solutions for these sectors. This would require actions on three fronts:

1. Creating an environment for graduating the Indian logistics market to provide value propositions in logistics solutions.
2. Increasing the capability of the Indian Logistics Industry to provide such solutions.
3. Requiring Government and other regulatory mechanisms in the country to provide an enabling environment for value propositions in logistics services.

Due to decades of growth and increasing globalization of the Indian economy Indian entrepreneurs become active participants in business strategy issues which can take their business forward and make them competitive. However old habits die hard. Therefore we still see numerous instances where little premium is put on service delivery, quality and transparency in logistics services. Demand for logistics solutions still gets conditioned by an undemanding, quality-neutral client used to a non-standard product and service deliveries. Large logistics departments have come up within companies to manage this 'chaos' and lowest price frequently becomes the watch word for many companies rather than quality of the solution provided.

OPPORTUNITIES

The Monetary Policy Framework Agreement between the Government of India and Reserve Bank of India is a vital step to keep inflation below 6%. This is also supported by the steep decline in the international crude oil prices, which controlled food inflation and increased consumption of the basic commodities in rural areas. Government has announced a number of policy measures to achieve the projected GDP growth in 2015-16 like approval of large infrastructure projects, addressing challenges of mining and power sectors, increasing foreign investment limits in Insurance, Railways, Defence manufacturing and Aerospace. Growth in agricultural sector output will drive demand from rural areas.

In view of the aforesaid initiatives of the Government, NBFCs can also look for growth in asset financing and collateral backed lending activities.

The Reserve Bank of India's enhancement of the credit limits through securitisation transactions for both banks and NBFCs, shall provide better opportunities to NBFC's to meet their ongoing capital/funding requirements.

With the improvement in the outlook of the Indian economy and global growth prospectus over the past few months and possibility of a stable and pro- reforms government at the centre, the Indian capital market is expected to perform well a is visible in current rally which has taken the markets to all time high levels. Your Company being an investment Company seeks opportunities in the capital market. The volatility in the stock indices in the financial year under report represents both an opportunity and challenge for the Company. The business of your company is affected by the sentiments prevailing in the stock markets.

OUTLOOK

- Government initiatives to promote the manufacturing sector and exports are likely to increase the demand for logistics functions. Trade with Asia, Europe, and North America are likely to remain major drivers for freight forwarding and transportation companies in the region.
- Major investments by both public and private sectors in the last five years on infrastructure, technology upgrades and expansion of sea and airport facilities, and dedicated logistics corridor in the rail network are expected to strengthen the Indian logistics infrastructure.
- The booming e-commerce market in India is bringing in new opportunities for LSPs. The evolving business model(s) in this space focuses on containing logistics and delivery costs.
- The expected implementation of nationwide uniform GST is likely to transform the distribution structure of majority of industries as it eliminates the need for dedicated warehouses for each individual administrative region.

RISK & CONCERNS

The various challenges faced by the logistic industry lead to high logistics costs incurred by the Indian economy. This is despite the fact that cost of labor, one of the most significant contributors to logistics costs in developed countries, is significantly cheaper in India. With regards to costs of spends on logistics, India’s logistics sector accounts for 13% of the GDP of India. Major elements of logistics costs typically include transportation, warehousing, inventory management and other value added services such as packaging. What is worrying about the logistics costs in India is the distribution of costs across various heads. In India, as much as 31% of the logistics costs is attributable to the ‘others’ category, which primarily includes various types of process. The logistic costs as a percentage of total product cost in India is in the range

of 4-5 times that in developed countries. This is at a time when the quality of logistic services provided is not of the highest standards. Also, worryingly, these costs have been showing a rising trend. Fuel price hike sharply increases the cost of freight transport. Ever increasing congestions at ports are resulting in high levels of ground rents required to be paid at CFS's near the port. High levels of inventories are being required to be maintained to guard against sudden disruptions in supply chain, all of which adds to the cost.

Due to globalisation, declining trade barriers and an increasingly mobile workforce, the transportation and logistics industry continues to enjoy above average growth. By expanding their service offerings both upstream and downstream, transportation companies and logistics service providers are also becoming masters of their supply chain, both forward and backward.

Growth through acquisitions, joint ventures and alliances are reshaping the dynamic industry. Under these conditions, new corporate strategies and processes are required.

Transportation and Logistics challenges:

- Maximizing revenues
- Meeting international financial reporting standards requirements
- Managing tax risks
- Managing fraud
- Mergers and acquisitions as facilitator of industry restructuring
- Opportunities in the emerging markets
- Financing transport infrastructure and public private partnerships

NOMINATION & REMUNERATION POLICY**1. Introduction**

Pursuant to Section 178 of the Companies Act, 2013 and Clause 49 of the Listing Agreement, the Board of Directors had constituted the Nomination and Remuneration Committee. The Company considers human resources as its invaluable assets. This policy on nomination and remuneration of Directors, Key Managerial Personnel (KMPs) and other employees has been formulated in terms of the provisions of the Companies Act, 2013 read along with the applicable rules thereto and Clause 49 the listing agreement, as amended from time to time. This policy on nomination and remuneration of Directors, Key Managerial Personnel and Senior Management has been formulated by the Nomination and Remuneration Committee (NRC or the Committee) and has been approved by the Board of Directors.

2. Objective and purpose of the policy

The objectives and purpose of this policy are:

- 2.1 To formulate the criteria for determining qualifications, competencies, positive attributes and independence for appointment of a Director (Executive / Non-Executive) and recommend to the Board policies relating to the remuneration of the Directors, Key Managerial Personnel and other employees. This includes, reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer (“CEO”), evaluating the CEO's performance in light of those goals and objectives, and either as a committee or together with the other independent directors (as directed by the board), determine and approve the CEO's compensation level based on this evaluation; and making recommendations to the board with respect to non-CEO executive officer compensation, and incentive-compensation and equity-based plans that are subject to board approval;
- 2.2 The policy also addresses the following items: Committee member qualifications; Committee member appointment and removal; Committee structure and operations; and Committee reporting to the Board.

PART – B

Policy for appointment and removal of Director, KMPs and Senior Management

I. Appointment criteria and qualifications

1. The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or senior management level and recommend to the Board his / her appointment.
2. A person to be appointed as Director, KMP or senior management level should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.
3. A person, to be appointed as Director, should possess impeccable reputation for integrity, deep expertise and insights in sectors / areas relevant to the Company, ability to contribute to the Company's growth, complementary skills in relation to the other Board members.
4. The Company shall not appoint or continue the employment of any person as Managing Director / Executive Director who has attained the age of seventy years and shall not appoint Independent Director who is below age of 21 years. Provided that the term of the person holding this position may be extended at the discretion of the committee beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond Seventy years as the case may be.
5. A whole-time KMP of the Company shall not hold office in more than one company except in its subsidiary company at the same time. However, a whole-time KMP can be appointed as a Director in any company, with the permission of the Board of Directors of the Company.

II. Term / Tenure

1. Managing Director / Whole-time Director

The Company shall appoint or re-appoint any person as its Managing Director and CEO or Whole-time Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

2. Independent Director

An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special

resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

At the time of appointment of Independent Director, it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole-time (Executive) Director of a listed company.

iii. Retirement

The Whole-time Directors, KMP and senior management personnel shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will have the discretion to retain the Whole-time Directors, KMP and senior management personnel in the same position / remuneration or otherwise, even after attaining the retirement age, for the benefit of the Company with the approval of shareholders by passing a special resolution at the general meeting of the Company.

PART – C

Policy relating to the remuneration for Directors, KMPs and other employees

A. General

1. The remuneration / compensation / commission etc. to Directors will be determined by the Committee and recommended to the Board for approval.
2. The remuneration and commission to be paid to the Managing Director shall be in accordance with the provisions of Chapter xiii of the Companies Act, 2013 read with schedule v, and the rules made thereunder.
3. Increments to the existing remuneration / compensation structure may be recommended by the Committee to the Board which should be within the limits approved by the Shareholders in the case of Managing Director.
4. Where any insurance is taken by the Company on behalf of its Managing Director, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the

remuneration.

B. Remuneration to KMPs and other employees

The policy on remuneration for KMPs and other employees is as below:-

1. Fixed pay

The remuneration and reward structure for employees comprises two broad components - annual remuneration and long-term rewards. The Committee would determine the remuneration of the Directors and formulate guidelines for remuneration payable to the employees.

These guidelines are as under:

a) Annual remuneration

Annual remuneration refers to the annual compensation payable to the employees of the Company. This comprises two parts - a fixed component, and a performance-linked variable component based on the extent of achievement of the individual's objectives and performance of the business unit. Employee is required to determine his/her key result areas for that particular defined role. The performance-linked variable pay will be directly linked to the performance on individual components of the performance and the overall performance of the business. An employee's variable pay would, therefore, be directly dependent on key performance measures that represent the best interests of shareholders.

The objective is to set the total remuneration at levels to attract, motivate, and retain high-caliber, and high potential personnel in a competitive global market. The total remuneration level is to be reset annually based on a comparison with the relevant peer group globally, established through independent compensation surveys, from time to time.

b) Long-term rewards

Long-term rewards may be granted to eligible key employees based on their contribution to the performance of the Company, relative position in the organization, and length of service under the supervision and approval of the Committee.

The grant, vesting and other scheme details would be formulated from time to time.

These long-term reward schemes are implemented to attract and retain key talent in the industry.

2. Minimum remuneration to Managing Director/ Chief Executive officer

If, in any financial year, the Company has no profits or its profits are inadequate, the

Company shall pay remuneration to its Managing Director in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the previous approval of the Central Government.

C. Remuneration to Non-Executive / Independent Directors

1. Remuneration

The remuneration payable to each Non-Executive Director is based on the remuneration structure as determined by the Board, and is revised from time to time, depending on individual contribution, the Company's performance, and the provisions of the Companies Act, 2013 and the rules made there under.

The remuneration to the Non-executive Directors (including Independent Directors) may be paid within the monetary limit approved by shareholders, subject to the limit not exceeding 1% of the profits of the Company computed as per the applicable provisions of the Companies Act, 2013.

2. Stock options

The Independent Directors shall not be entitled to any stock option of the Company.

Policy review

This policy is framed based on the provisions of the Companies Act, 2013 and rules there under.

In case of any subsequent changes in the provisions of the Companies Act, 2013 or any other regulations which makes any of the provisions in the policy inconsistent with the Act or regulations, then the provisions of the Act or regulations would prevail over the policy and the provisions in the policy would be modified in due course to make it consistent with law.

This policy shall be reviewed by the Nomination and Remuneration Committee as and when any changes are to be incorporated in the policy due to change in regulations or as may be felt appropriate by the Committee. Any changes or modification on the policy as recommended by the Committee would be given for approval of the Board of Directors.

AUDITORS' REPORT

To the Members of,
Skyline India Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Skyline India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected

For SKYLINE INDIA LIMITED,

Director

depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:-

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;
- b) in the case of the Profit and Loss Account, of the Profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
 - a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.

For SKYLINE INDIA LIMITED

Director

- c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards notified under the Act read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013.
- e) On the basis of written representations received from the directors as on March 31, 2015, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
- f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.
